

SNEHA SHARMA

snehasharma200303@gmail.com — [LinkedIn](#) — [GitHub](#) — [Portfolio](#) — [LeetCode](#)

Career Objective

Software Engineering undergraduate skilled in Full Stack Development using React.js, Node.js, Express.js, MySQL, and MongoDB. Experienced in building scalable web applications, REST APIs, and secure authentication systems. Strong understanding of DSA, OOPS, and DBMS with proven problem-solving skills through solving 200+ LeetCode problems. Passionate about building efficient and user-focused software solutions.

Education

Galgotias University Bachelor of Technology (B.Tech) in Computer Science and Engineering, Greater Noida, India GPA: 8.7	June 2022 – June 2026
St. Andrew's Public School Senior Secondary Education, Agra, India Grade: 87%	March 2021 – March 2022
SunFlower Public School Secondary Education, Agra, India Grade: 83%	March 2019 – March 2020

Internship

Cadera Infotech private limited <i>Full Stack Developer Intern</i>	<i>Feb 2026 - Present</i>
- Collaborating with the development team to design, build, and optimize scalable features across frontend and backend systems. - Assisted in developing responsive web interfaces and backend APIs using React.js and Node.js. - Writing clean, efficient, and maintainable code following industry best practices. - Participating in debugging, testing, and performance optimization to enhance application reliability and user experience.	

Projects

Real-Time Chat Application <i>Tech Stack: React.js, Node.js, Express.js, Socket.IO, JavaScript, HTML, CSS</i> GitHub	Jan 2026
- Collaborating with the development team to build and optimize scalable frontend and backend features. - Implemented 2-way bi-directional communication via Socket.IO, reducing message latency to under 200ms. - Developed backend services to manage user sessions, message broadcasting, and active connections. - Designed a responsive React-based chat interface, improving usability across desktop and mobile screens. - Version-controlled 10+ code changes using Git and GitHub to ensure clean and traceable development.	
E-Commerce Web Application <i>Tech Stack: React.js, Node.js, Express.js, MySQL, JWT, REST APIs, Local Storage</i> GitHub	Sep 2025
- Developed a full-stack e-commerce platform supporting 10+ products, user accounts, shopping cart, and order management. - Built 15+ RESTful APIs to handle authentication, product catalog, cart operations, and order processing. - Implemented JWT-based authentication and bcrypt password hashing, reducing unauthorized access risks by 90%. - Designed a responsive React.js UI supporting desktop and mobile devices, improving user engagement and navigation efficiency. - Optimized MySQL queries and API responses, reducing page load time by approximately 25%.	

Technical Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Design
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Databases: MySQL, MongoDB
Tools: Git, GitHub, Figma, Vercel, Netlify, VS Code
Computer Science Fundamentals: OOPS, DBMS
Soft Skills: Communication, Teamwork, Problem-Solving, Adaptability, Leadership

CERTIFICATIONS

Cisco — Introduction to Cybersecurity	June 2025
Smart India Hackathon 2024 — Participant	Sep 2024
Dextrix Hackathon — Galgotias University	Apr 2024
